Three

(13) What is product development strategy?

= Plan or approach that businesses

use to create and introduce new

or improved products or services into the

market. It involves identifying customer

needs, using new ideas and technology

to design products that meet

customer expectations. It is about

making cool things that make

customers happy and help the business grow.

↑ it is easier to imitate the practices of a successful firm.
- help develop skills necessary to be successful in the industry.

↑ both are types of imitation strategies.
- provides organizational legitimacy.

Difference between franchising & "me too" strategy?

Franchising

Def: involves buying the right to open and run a business ^{under} that established brand name and business model, way of doing things.

Pay: pay an initial fee and ongoing royalties to the franchisor.

Franchisees operate independently but must adhere to certain standards & guidelines set by the franchisor.

ex:

McDonald's subway

Def: Acquiring a 'Proven formula' for new entry from a franchisor.

"me too" strategy

⇒ Copying the products, services or business model of a successful competitor.

Do not pay any fees or royalties to the original innovator.

may face challenges in differentiation & building a distinct brand identity.

Creosil or

similar products.

- copying exist product & attempting to build an advantage through minor variations.

define crowdfunding?
